

Dear Participating Organization,

I would like to ask for your participation in *Liberation75*. **To be clear, I am not asking for a commitment of either time or money.** The objective is to build a broad-based, strong consortium of leaders in Holocaust remembrance and education, to encourage support from corporate and government leaders.

Your participation would include the following:

- Use of your organization's logo on our Liberation75 promotional materials, including program guide, pamphlets, posters, signs, banners, social media and website.
- Your support in disseminating promotional material to your organization's contacts and/or mailing lists.

Our programming focuses on keeping the Holocaust relevant for future generations. Now, as we lose our cherished survivors, the need is greater than ever to inspire, energize and motivate multiple generations to continue the work that the survivors began.

Please join us in making our vision a reality by signing this letter and emailing it back to us with your logo. Please send it to jessica@liberation75.org.

Do not hesitate to contact me at marilyn@liberation75.org if you have any questions.

Best regards,

Marilyn Sinclair, Organizer
marilyn@liberation75.org
